

CUPolicyPro✓

CU PolicyPro is an industry leader for policy and procedure creation and management! With more than 230 detailed model policies and procedures, CU PolicyPro can help your credit union manage today's ongoing compliance and operational challenges.

CU PolicyPro Features

- Auditing tools make it easy to track and document changes, view activity dates, and view and restore previous versions
- Assignments notify and remind users of upcoming content and document reviews.
- Customizable user access levels ensure access is tailored to each user's roles and responsibilities
- Model content is updated to keep current with laws and regulations

Policies & Procedures developed and written especially for credit unions

Because your credit union is unique, CU PolicyPro not only includes model content, but a full content management system
